

Mode Skylight

Product Information

Mode Skylight is elegant in appearance, Verosol's Mode Skylight Roller Blind is the answer to a premium skylight blind.

The unique system can be applied in all skylight applications merging sleek modern design with functionality. Perfect for small skylight windows covering a maximum area of 4m square. Incorporating a tuned counter-balancing spring, providing exceptional ease of operation.

With the use of unique stainless steel components merged into a sleek modern design, this makes the Mode Skylight Roller blind one of the most exclusive roller blinds in the market.
